

INNOVATIVE FLOOR STORAGE

Light in Weight. Heavy Duty in Performance.

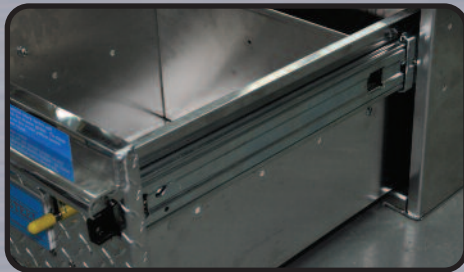

Aluminum Floor Drawers provide lockable storage for your power tools, test equipment and can reduce damages to delicate inventory like face plates, switches and electronic parts. Access your cargo easily from the side and rear doors of your commercial van, mini van or SUV with Adrian Steel's Aluminum Floor Drawers. Featuring heavy duty ball bearing slides that allow the drawer to open and close with ease, heavy duty grab handles, and an integral latch that keeps the drawer open when you are on an incline and closed when your done! Adrian Steel exclusive Anti-Slam latch keeps drawer from closing without positive latch activation. The only aluminum drawer in the industry with this feature! An automotive grade lock keeps expensive cargo secure and the adjustable divider helps keep contents segmented. 24" deep AFD units have a weight capacity of 350 lbs. and the 36" deep have a 325 lb. weight capacity. AFD's can be stacked to utilize large cubic storage areas or create your own combination to optimize your cargo capacity. To learn more about this quality cargo management solution from Adrian Steel, call your local Adrian Steel distributor today or visit us on the web at www.adriansteel.com.
