## LOADSRITE DROP-DOWN LADDER RACK FOR RAM PROMASTER

**PMLR-H61**

### LOAD AND UNLOAD LADDERS THE RIGHT WAY!

- Rollers and dampers create a smooth transition to the stowed and down positions.
- Designed to allow ladders to be loaded and unloaded the right way, from the back of the vehicle.
- Two handed operation is required to release the ladder for safer loading and unloading.
- Ladder clamps securely hold the ladder for transportation. Clamping of ladder is automatic.
- Plastisol clamps and plastic pads protect fiberglass ladders from resting on metal, protecting the ladder.
- The LoadsRite Ladder Rack can carry 16' - 36' extension ladders.
- The all aluminum design maximizes payload.

**Rotate Handle**

**Primary Drop**

**Secondary Drop & Unload Ladder**

### LoadsRite for RAM ProMaster Standard Roof

Model	Description
PMLR-LWS61	Single drop-down, 136"WB
PMLR-LWS63	Double drop-down, 136"WB

### LoadsRite for RAM ProMaster High Roof

Model	Description
PMLR-H61	Single drop-down, 136" & 159"WB
PMLR-H63	Double drop-down, 136" & 159"WB

### LoadsRite for RAM ProMaster Rail Kits

Model	Description
PMLRRKMWB	136"WB Rail Kit
PMLRRKLWB	159"WB Rail Kit
PMLRRKXLWB	159X"WB Rail Kit

NOTE: Must order the appropriate Rail Kit to complete the ladder rack.
