

# LOADSRITE LADDER RACK FOR HIGH ROOF NISSAN NV

## Load and Unload Ladders the Right Way!

- Rollers and dampers create a smooth transition to the stowed and down positions.
- Designed to allow ladders to be loaded and unloaded one end at a time.
- The easy-reach release handle lowers toward the ground for better access.
- Two handed operation is required to release the ladder for safer loading and unloading.
- Ladder clamps securely hold the ladder for transportation.
- Clamping of ladder is automatic.
- Plastisol clamps and plastic pads protect fiberglass ladders.
- The LoadsRite for the Nissan NV can carry 16' - 36' extension ladders.

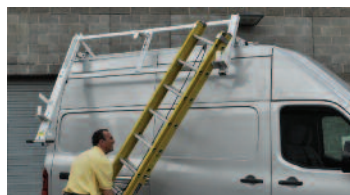

Rotate Handle

Primary Drop

Secondary Drop

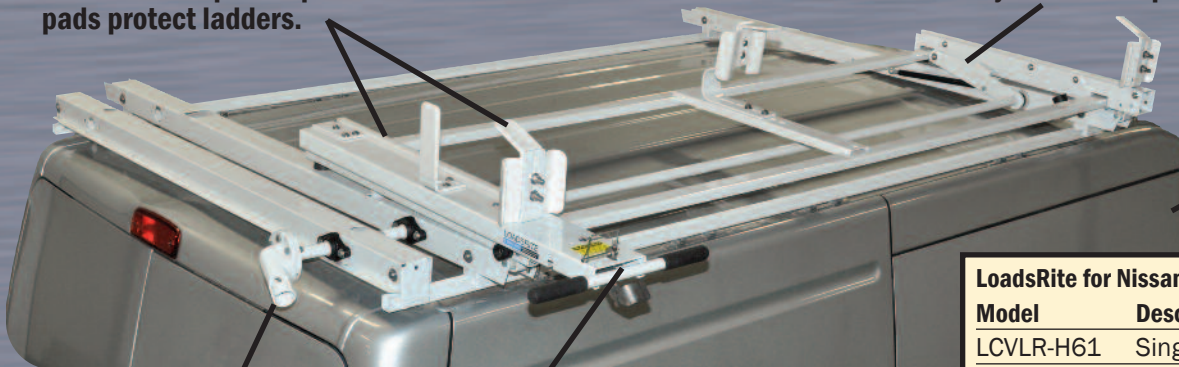

Unload Ladder

Plastisol clamps and plastic pads protect ladders.

Hydraulic damper assists with loading.

Side doors can be opened while rack is in the down position.

Removable handle stows inside vehicle.

Rack can be padlocked for added security.
