NEVER REACH INSIDE THE TRUCK AGAIN!

PRODUCTS THAT WORK TOGETHER SEAMLESSLY TO PROVIDE YOU WITH EASY ACCESS TO YOUR TOOLS AND CONSUMABLES.

QUICK ROI!

A PEST CONTROL COMPANY DETERMINED THAT EACH VEHICLE CAN SERVICE APPROXIMATELY 20 MORE CLIENTS PER MONTH WITH EXTENDED.

\$80 SERVICE FEE PER CLIENT
X 20 CLIENTS PER MONTH

= \$1,600 ADDITIONAL REVENUE
PER MONTH/PER VEHICLE

\$1,600
X 12 MONTHS

= \$19,200 ADDITIONAL
REVENUE PER VEHICLE

EXTENDED BENEFITS

EXTENSION PAST TAILLIGHTS (110%)

- // Complete access to your tools and consumables without reaching or leaning into the truck minimizes your risk of injury.

Increased safety = increased savings (e.g., one back injury may cost up to \$50,000 in a worker's comp claim).

- // Full extension provides you with greater side access on the slide out.

Other slide outs can still be up to 8" – 12" inside the truck/van bed even at 100% extension, reducing side access.

COMMERCIAL GRADE CONSTRUCTION

- // A fully welded steel frame provides for increased load capacity of 1,200 lbs.
- // Ease of use with 2 3/8" high-capacity roller bearings.

SLIDEOUT PLATFORM SHELVING BENEFITS

PURPOSE BUILT FOR TRUCKS

- // The only shelving designed to work in the bed of the truck on a sliding platform.
- // No cutting or modification required.
- // Designed to be free-standing on Extendobed.

MODULAR DESIGN

- // Configure the space between shelves for better customization.

1,200 LB. WEIGHT CAPACITY

- // Carry more of what you need to get the job done without being restricted to even weight distribution.
- // Other slides are rated at 1,000 lbs. and weight must be evenly distributed increasing the risk of warranty issues if not followed.

INCREASED JOB SITE EFFICIENCY

- // Custom and semi-custom cargo carriers attached to the deck of the slide out are available to get work crews on/off the job site quicker.
- // Organized supplies and tools means no more wasted trips back to the warehouse to get items that are on the truck/van but can't be easily found.

AND MORE!

- // Distributor friendly
- // Industry-best lead times
- // Simple 4-bolt/bracket installation
- // 20 Year Warranty

TESTED TOUGHNESS

- // Strength-to-weight ratio of 50lbs matches/exceeds competitors.

STREAMLINED INSTALLATION

- // Fewer parts with standard fasteners.
